41st Stationary Source Sampling and Analysis for Air Pollutants

September 2016

Dear Colleagues:

As Chairs of the 41st Conference on Stationary Source Sampling and Analysis for Air Pollutants (SSSAAP), Jon and I would like to announce the opening of registration for the 2017 conference that will be held April 9th through April 14th, 2017 at the JW Marriott Tucson Starr Pass Resort and Spa in Tucson, Arizona.

Recognition, interest, and registration for the SSSAAP conference have grown significantly over the years. The sessions are held in a single meeting room with only one session sitting at any one time - a design greatly valued by our attendees. We encourage open discussion in all sessions and we expect information to flow between the presenter and the audience.

The conference has sold out over the last several years by early December, therefore we strongly suggest that you register early. All speakers and presenters must register. It is SES policy to limit registration to the first four registrants from each company with possible exceptions for presenters, session chairs, SES leadership, Hall of Fame members, and major sponsors. Additional registrants from that company will be placed on a waiting list.

This year we will have a collection of sessions which include traditional topics as well as developing ones. Promoting safety on the job, sharing, and learning will be fundamental features of the program.

The QSTI and QSTO exams will also be offered during the conference week as an added convenience to the participants.

Registration For 2017:

Registration Opening Date:	October 17, 2016
Acceptance Criteria:	General registration is on a first come – first served basis*
Payment:	Full payment is due at the time of registration**

We look forward to seeing you at the conference. Space is limited so please register early!

Best regards,

Tina Sanderson
ORTECH Consulting Inc.
Conference Chair

Jon Hays
Duke Energy
Conference Co-Chair

*Registration will be limited to four per company

**If this timing poses registration difficulties for you/your organization due to circumstances such as year-end budget issues, please contact HMS @ 805-684-1284 to discuss options for registration.
