## **43<sup>rd</sup> Stationary Source Sampling and Analysis for Air Pollutants**

September 2018

Dear Colleagues:

As Chairs of the 43<sup>rd</sup> Conference on Stationary Source Sampling and Analysis for Air Pollutants (SSSAAP), Eric and I would like to announce the opening of registration for the 2019 conference that will be held April 14th through April 19th, 2019 at the Sheraton Bay Point Resort in Panama City Beach, Florida.

Recognition, interest, and registration for the SSSAAP conference have grown significantly over the years. The sessions are held in a single meeting room with only one session sitting at any one time - a design greatly valued by our attendees. We encourage open discussion in all sessions and we expect information to flow between the presenter and the audience.

The conference has sold out over the last several years by early December; therefore we strongly suggest that you register early. All speakers and presenters must register for the conference and will be allowed to register a week prior to general registration opening.

This year we will have a collection of sessions which include traditional topics as well developing ones. Promoting safety on the job, sharing, and learning will be fundamental features of the program.

The QSTI and QSTO written exams will also be offered during the conference week as an added convenience to the participants.

### **Registration For 2019:**

<b>Registration Opening Date:</b>	<b>November 12, 2018</b>
<b>Acceptance Criteria:</b>	<b>General registration is on a first come – first served basis*</b>
<b>Payment:</b>	<b>Full payment is due at the time of registration**</b>

We look forward to seeing you at the conference. Space is limited so please register early!

Best regards,

Jason DeWees
