44th Stationary Source Sampling and Analysis for Air Pollutants

Preliminary Technical Program
 Sunday April 5th through Friday April 10th, 2020
 Sheraton Panama City Beach Golf & Spa Resort, Florida

Conference Overview:

The Source Evaluation Society has completed plans for the 44th International Stationary Source Sampling and Analysis for Air Pollutants Conference. The conference will be held at the Sheraton Panama City Beach Golf & Spa Resort in Panama City Beach, Florida. The conference technical sessions start on Sunday evening April 5th and ends on Friday morning April 10th.

There will be a total of ten technical sessions plus poster sessions. The format is designed to encourage an open exchange of experience and knowledge on environmental measurements and emission characterization issues. Participants include representatives from industry, federal and state governments, research and consulting organizations, air testing companies, equipment manufacturers, analytical laboratories, international participants and academia.

Topics will address a comprehensive array of technical and policy aspects related to environmental regulations, emissions measurement and monitoring technologies, field and laboratory measurements, and reporting. Presentations will be from experts in the field.

We invite you to attend and participate. Please find the enclosed draft agenda, as well as the registration and contact information. We are accepting abstracts for high quality technical oral and poster presentations through September 29, 2019. If you have an interest in presenting at the conference, please submit a 200-300 word abstract to the conference chair and appropriate session chair.
