SOCIETY

Greetings!

The SES leadership met to discuss future in-person conferences. There are still too many unknowns regarding vaccines, COVID-19 resurgence, and corporate travel restrictions to schedule a Spring 2021 SSSAAP Conference. At this time we are confident in stating there will be no spring conference. However, we plan to reconvene the leadership meeting early next year to discuss the possibility of a 2021 fall meeting. We will provide any future conference information as soon as firm plans are available.

As conference Chair and Co-Chair, Wade and I do miss the camaraderie of seeing all of you at the annual conference. We are hopeful that the “new” way of corporate meetings will still allow of us to get together in the relaxed atmosphere of a SSSAAP Conference. We ask that you be patient with the SES leadership until we figure out a time and place that we can all meet again. Please continue to keep up with SES by reading the newsletters and checking the website. We hope you are all safe and we truly miss interacting with each of you. Take care and have a happy holiday season ahead.

Sincerely,

A handwritten signature in black ink, appearing to read 'Eric Ehlers'. The signature is fluid and cursive, with a large, sweeping flourish at the end.

Eric Ehlers
